Push Spray Display

HOW IT WORKS

09.2026

SCAN FOR THE VIDEO

EXISTS IN SEVERAL COLORS

No Power Required

Fully mechanical. Push Spray works in any location: shelves, mass retail, events, anywhere. No power outlet, no cabling, no installation constraints.

Interchangeable Visual Panel

An interchangeable branded visual panel lets you promote the fragrance directly on the device.

Works With Your Existing Bottle

If your bottle is unscrewable: insert it directly. If not: choose a fillable bottle included in the kit.

No Maintenance

No moving parts to service, no connected components to update. The device is replenished by simply refilling the bottle or replacing it. Nothing else.

How to use it

1 Insert the blotter
In the slot.

2 Push
the mechanical button to spray the fragrance.

3 Smell
take out the paper and smell the fragrance.
